Sir,

We the Lubbey Merchants of New Tharagupet, beg to bring the following facts to your kind consideration and orders.

Government in their order No.2990/281-11-11 dated 11-6-17 accorded permission to construct a Masjid in the New Tharagupet by us on certain conditions, one of them being to throw open at least 6 feet wide of lane on the Eastern side of the site to use it as a path way to the Musjid. This condition was accepted by us on the distinct understanding that the same extent of land should be granted to us free of cost on the Northern side of the site in lieu of the lane. Though it was very inconvenient to throw open a lane on the Eastern side we agreed to it as the Hon'ble The President of the City Municipality and the then Deputy Commissioner Mr. K. Chandy assured us that the portion of the land on the Northern side will be granted to us early.

Submit the work Reference
6/22 15/6/22

We laid the foundations of the Musjid on the assurance of the Deputy Commissioner and the President and waited for the express orders of the Government granting the portion of the land promised to us.

As we did not receive any orders we submitted a petition to the Government on 16th August 1921 inviting the promises of the above officers. Thereupon the Deputy Commissioner, Muzrai Superintendent,

City Muhicipality and the Chief Officer inspected the place and on the recommendation of the Chief Officer we hear that Government have declined to grant us the land once promised to be granted.

We are now put to much loss as we have to alter the foundation to our present convenience, and we do not know who is responsible for it.

Under the circumstances it will not be possible to throw open the lane as already agreed and we request permission to present a revised plan enclosing the lane now thrown open. As the work has been stopped for the last three years we request you to kindly dispose the matter early.

We beg to remain

Sir,

With reference to your Memo No.1478/M.F.135-21-18 dated 12th October 1922 requesting to ascertain and report whether effect has been given to Government order No.5993-6/M.F.135-21-14 dated 27th April 1922 regarding the construction of a masjid at New Tarapet - Bangalore City, I have the honor to forward herewith copy of letter No.O.C.1246/22-23 dated the 21st April 1924 received from the Deputy Commissioner, Bangalore District, reporting that the masjid authorities have not deliberately violated any of the conditions laid down in the Government Order referred to above, that they have agreed to keep the 6 feet lane clear and remove the stone wall after the completion of the masjid, and also to construct the drain under instructions from the Municipality, and to state that a report of the actual compliance will be called for after the completion of the construction of the masjid.

The enclosures received with the Deputy Commissioner's letter referred to above are herewith submitted for kind perusal and return.

I have the honor to be,

Sir,

Your most obedient servant,

"In continuation of my letter No.O.C.1246 of 1922-23 dated 19th March 1924 re the construction of a mosque at the new Thirumurpet, ---- Bangalore, by Labbe Merchants, I have the honor to state that Mr. Charles Noronha, the Assistant Commissioner in charge of the Bangalore Taluk, who inspected the spot on 26th March 1924 in company with Messrs Abbas Khan, Usman Khan and some of the leading Labbe merchants of the locality reports that as the building is in course of construction, large quantities of materials and debris have been scattered about the place but that the six feet lane has not been encroached upon by any fundations, that a width of 6 feet has been left for the lane in ----- consonance with the Government order though the building materials have now been stocked in it, that the so called cross wall at the north end consisting of a new vertically placed slabs of stone wall be removed -- when the Masjid is completed and the lane be left quite open for the ---- public.

2. As regards the earthen drain he reports that the Labbe merchants are quite willing to construct it if the Municipality would point out in what direction it should run and to which sewer it should open. I am addressing the Municipal Commissioner to take needful action in the --- matter.

3. The Assistant Commissioner further reports that the Masjid ---- authorities have not deliberately broken any of the conditions laid down in the Government order.

4. The entire Vernacular records endire with a copy of the Sub-Division Officer's letter No.H.C.353 of 1922-23 dated 11th April 1924

With reference to your letter No.1664/M.F.175-21-10 dated the 16th May 1924 requesting to submit a further report regarding the masjid at -- New Taragupet Bangalore City, I have the honor to submit herewith a copy of letter No.C.3/O.C.1246/23-03 dated the 14th April 1925 received from the Deputy Commissioner Bangalore District reporting that he inspected the - place and that the construction of the masjid has not yet been completed as there are still sundry items of work to be done.

2. Of the conditions laid down in the mutchalika executed by the --- Late Mohamadeis all except the two noted below have more or less been -- complied with. Condition 2. That there should be walls on both sides of the lane and the doorway giving the only access to the masjid should open to this lane. As it is reported that there are buildings on one side no wall appears necessary on that side but on the other side, it has to be -- put up. Condition 9. That a stone slab showing the year of construction in Urdu and Kanada should be put up over the main entrance to the building.

3. The Deputy Commissioner recommends that Government Orders may be -- obtained to prevent the construction of "Houz" (water cistern) until the above two consitions are attended to. As there is no mention of penalty or in the mutchalika, if any of the conditions specified therein are not - attended to, the Deputy Commissioner will be asked to have these two ~~very~~ important conditions and such others which have not been fully complied - with enforced immediately.

Letter No.C.3/Cc.1246/22-23 dated 14th April 1925 from the Commissioner, Bangalore District to the Muzrai Commissioner in Myso

---

"In continuation of this office D.O.letter No. C.C.1246/22-23 dated 27th March 1925, regarding the construction of a Masjid at the New Taragupet, Bangalore City, I have the honor to state that I inspected the place in company with the Municipal Engineer and the Amildar, some of the parties being also present. The construction of the Masjid has not yet been completed and there are still sundry items of work to be done. As regards the compliance with the conditions laid down in the Government order No.2990-5/Muz.281-11 dated 11th June 1917 and modified by orders Nos.770-81/F.F.156-17-4 dated 5th September 1918 and 5993-6/Muz.135-21-14 dated 27th August 1922, the position is as follows:--

2. Condition 1. para 3-

That a lane at least six feet wide should be left to the east of the site connecting the Mysore and the Timber yard street, allowing free access to pedestrians of all communities at all times.

A lane has been opened as laid down herein. The cross wall at the northern end has been removed and the lane is cleared of materials; but at this (northern) end, there is a drop of about 6 feet from the Masjid premises and the road below and this prevents the lane from being made use of as a thoroughfare between the road. A flight of steps should be immediately put up and the Municipal Engineer suggests that the steps may be on Municipal land.

Condition 2.

That there should be walls on both sides of the land and the door-way giving the only access to the Masjid should open to this lane.

No walls have been put up on either side of the lane. As there are buildings on one side, no wall appears necessary but on the other it has to be put up with the door-way.

Condition 3-

"That a line of shops at least 20 feet deep should be constructed separating the Masjid ground from the Mysore Road."

This is done, the depth being 24 feet on the lane side.

Condition 4.

"That there should be no dome or minarets built over the shops."

There are no domes nor minarets over the shops, but there are minarets on the masjid, which are provided for in the plan.

Condition.5.

"That between the shops and the Masjid proper there should be a

as

a space of at le t 30 feet in which may be placed the water Hanz (cistern)'

There is a space of 26 feet instead of 30. At present there is a temporary buildi g in theplace where the cistern will come and this -- should be removed.

Condition 6 to 8.

A mutchalika has been executed by the parties undertaking to -- abide by these conditions. Printed copies of the Mutchalika and plan have been submitted to Government with this office letter No.A.C.426/16-17 dated 20th September 1920. Spare copies have been filed in all the ~~office~~ offices concerned.

Condition 9.

That a stone slab showing the year of construction in Urdu and Kannada should be put up over the main entrance to the building.

This has not been done.

Condition 10.

"That no more land than what has been already enclosed should be given that the merchants should remove the cross wall put up and that an earthen drain should be made for the water to flow in a defined line.."

The Municipal Council have constructed a stone drain to the north -- which defines the northern boundary. The 10.81 sq. yards of space are in a site to the south of the drain. The Municipal authorities have to collect the value of the extra land. Since a stone drain has been ---- constructed, the Masjid merchants may be required to build two connecting drains at the spots indicated by the ~~Huzur~~ Municipal Engineer. The cross wall has been removed.

3. From the above it will be seen that there are some conditions still to be complied with. The wall to the west of the lane should be put up at once together with the gate and the stone slab. Till this is done, all further construction of "Hanz" of water etc. may be prevented by an order from Government, copy of the order being also sent to the Municipal Commissioner for enforcing compliance.

4. The entire file of vernacular records ending with the Bangalore -- Sub-Division Officer's No.H.C.353/22-23 dated 31st March 1925 is herewith submitted for reference and return."

With reference to your letter No. 158/Muz. 135-21 dated 7-8-1925 and subsequent reminders requesting the submission of the report regarding the enforcement of all conditions laid down for the construction of the Labbe Masjid at New Taregupet Bangalore City, I have the honor to state that the Deputy Commissioner Bangalore District reports in his letter no. C.E 3-1501-25 dated 15-9-1926 that the Amildar consulted Mr. Abbas Khan, Municipa President and one of the signatories to the Mutchalika who is of opinion that there is no need to have a well in front of the Masjid towards the lane as the lane itself cannot be used by the public in view of the fact that at the northern end there is a drop of about 5 feet and that the request of the Labbes to grant them an additional land to the northern side of the Masjid cannot be conceded.

It is further reported by the Amildar that this condition may not be complied with, that The Masjid is not yet completed and the tablet put up yet and that the Labbe Mussalmans are not likely to do so as each time they want time.

The non-use of the lane on account of a 5 feet drop at one end cannot be considered an excuse not to comply with the conditions of the Mutchalika which is modified to the extent that a wall only on one side may be put up.

as 44.

The putting up of the stone slab is an essential conditi

Correspondence ending with letter No.426 dated 9th December 1916 from the Deputy Commissioner, Bangalore District, recommending that the Lubbe Merchants of New Tharagupet in the Bangalore City may be accorded permission on certain conditions to construct a mosque on a site owned by them in the locality.

---

O r d e r No. 2900-3/M1.281-11 dated 11th June 1917.

The Lubbe merchants trading in the New Tharagupet in the Bangalore City applied to the Deputy Commissioner, Bangalore District, for permission to build a mosque for their use near their place of business and as the site chosen for the purpose as the most convenient one, abutted on the Mysore Road, they agreed to have a line of shops in front, shutting out the view of the Masjid and to have a thorough lane at one end by which the Masjid was to be approached. They also undertook for themselves and their successors not to claim at any time the privilege of stoppage of music for processions moving along the Mysore Road or Timoer Yard Street on either side of the Masjid or object to the construction of any temple or church in the neighbourhood. They further agreed to have these restrictive conditions inscribed on a slab at their cost to be let into the Masjid wall.

2. As the locality is a congested one and the Mysore Road itself is usually frequented by processional parties of various sorts, every precaution had to be taken to prevent all possible friction between the different communities; and as the result of further correspondence the Lubbe merchants have now agreed to certain further conditions in matters of detail. The Government consider that there no longer remains any objection to the [illegible]

a.

of permission for the construction of the Masjid on the side in question.

3. The Deputy Commissioner is accordingly requested to grant the permission after obtaining from the applicants and other leading members of the community a consolidated - mutchalika - binding themselves to the conditions specified below:-

(1)That a lane at least six feet wide should be left to the east of the site connecting the Mysore Road and the Timber Yard street, allowing free access to pedestrians of all communities all times.

(2) That there should be walls on both sides of the lane and the door way giving the only access to the Masjid should open into this lane.

(3) That a line of shops at least 30 feet deep should be constructed separating the Masjid ground from the Mysore Road.

(4) That there should be no dome or minarets built over the shops.

(5) That between the shops and the Masjid proper there should be a space of at least 30 feet in which may be placed the water Hauz (cistern.)

(6) That no dead body should be taken to the mosque for consecration and if there should be any death on the premises the body should be removed outside the Masjid for burial.

(7) That no objection should at any time be raised to the construction of any temple or other places of public worship or utility in the vicinity.

(8)That no claim should at any time be put forward to the stoppage of music by processions of all sorts moving along the Mysore Road or Timber Yard street.

(9) That a substantial stone slab with a suitable inscription in Kannada and Hindustani showing the year of construction and the substance of the conditions 6,7 and 8 as approved by Government should be built into the wall of the Masjid at con cuous position at the cost of the applicants.

4. The Deputy Commissioner is requested to submit for the information of Government a report on the action taken together with copies of the final mutchalika. A revised plan in conformity with the above conditions has been presented by the Lubbe merchants and is placed on record. A separate license will have also to be -- obtained by the parties concerned from the Municipality for the construction of the buildings in question. A further report should be submitted by the Deputy Commissioner after the construction of the Masjid with special reference to the strict adherence by the applicants to the conditions specified. The plan and conditions should be printed at the expense of the Lubbe merchants for distribution to the various offices concerned.

K, R- Sreenivasa Iyenger, Esquire, M.A.,
First Member of Council,
to the Government of H.H, The Maharaja of Mysore
BANGALORE

Respected Sir,

We the Labbe merchants of New Taragupet beg to state that we have built a masjid in the New Taragupet locality on certain conditions agreed upon between ourselves and Government about the manner of its construction and its use,

The then Deputy Commissioner Mr.K.Chandy and the then Honarary President of the City Municipality Rajasabhabhushana Dewan Bahadur Sir V.P.Puttanna Chetty, KT.C.I.E., got the Mutchalika, noting the terms agreed upon therein, executed by us on the express understanding that the Municipality would spare an equalent space of ground on the northern side of the masjid in lieu of thr 6 feet of land to the length of the masjid to be left open on the eastern side of it for the purpose of passage as per terms of the Mutchalika. Though we insisted during its execution that this clause should be noted in the Mutchalika as conditional on the grant of land on the northern side, these two responsible Officers of Government stating that their promise will be positive complied with, did not note this conditional clause in the Mutchalika

When the construction of the masjid was progressing, we having left the passage open as agreed upon, requested the Municipality and the Government to grant the land as already promised by them. On account of absence of Rajasabhabhushana Dewan Bahadur Sir V.P.Puttanna Chetty Kt.C.I.E., on the council and of Mr. K.Chandy as Deputy Commissioner, the Honarary President of the Municipality reported that the land already assigned for, was required to some other purpose and that it cannot be spared for the use of the masjid. Government thereupon in their Order No. 5223-6/Muz 325 of 14 dated the

a. 1 55

the 27th April 1922 rejected our request.

The construction of the masjid has almost been finished on the lines agreed upon, But the question of consrtucting a latrine has become a great problem to solve. There are only two ways to decide it: Viz: (1) to get the land on the northern side of the masjid to construct it or (2) to close the passage now left open by constructing it, at the end of the lane towards Mysore Road and to open passage through one of the shops attached to the masjid on the Mysore Road. The latter course will have to be adopted on the painfull necessity of infringing upon the terms of the Mutchalika, which will be the result of the refusal to comply the express promises made by the responsible Officers of high rank of the Government referred to above.

To avoid all these confusions we again approached the Municipality with a request that as the purpose, for which the land assigned for, was interded to be used by the Municipality then, not being required now, the land already assigned may be granted. But the Municipality being able to go behind the Government order referred to above, has given an endorsement to this effect and has directed us to apply to Government in the matter. Copies of the petition addressed to the Municipality and their endorsement thereon are herewith enclosed for perusal.

Under these circumstances we humbly request you to kindly consider the matter favourably and after enquiry pass orders for the grant of at least 10 feet of ground on the northern side even at price fixed by Government for the land.

In case our request is not complied with we will have, with great reluctance, to adopt the other course referred to above, to put up a latrine which is very essential in such a public place as this this has been necessitated from no fault of ours,

Awaiting your favourable orders in the matter
We humbly beg to remain

Sir,

I have the honour to state that the Lubbe Mohamadans of New Tharagupet were granted permission to construct a mosque on their site in New Tharagupet, Bangalore City, by the Government in their order No.2990-3/Mis.281-11 dated 11th June 1917, on their executing a mutchalika embodying certain conditions. A copy of the Government Order is enclosed for ready reference.

Accordingly they were granted license in this office No. 126 dated 26th August 1920.

(2) They have now built a verandah in the open space of 30 feet between the shops and the Muszid proper, contrary to condition No.5 of the Mutchalika executed by them before the Deputy Commissioner of Bangalore on 30th April 1920.

(3) I inspected the place on 28th July 1928 with the Health Officer who is of opinion that though the verandah now built by them is against condition No.5, it may be permitted as it is more sanitary to have a verandah than a cistern in the whole of the huge open space of 30 feet between the shops and the muszid proper.

The veranda will serve as a place of resort to the persons who come to the muszid for performing "namas" If permission to retain the unauthorised verandah is granted, the erection of a wall on the west in conformity with

a. 53

with condition No. 2 of the mutchalika will be insisted upon. I agree with the views of the Health Officer.

As regards the conditions laid down in Government Order No.2990-3 Muz.281-11 dated 11th June 1917, the Deputy Commissioner has reported the manner in which they should be enforced.

The Deputy Commissioner requests that a sum of Rs.200/- may be placed at his disposal with a view to enable him to expedite the --- completion of works and says that he would recover the cost from the persons in charge of the Masjid

Letter No.C-3-1501/25 dated 26th November 1928 from the Deputy Commissioner, Bangalore District, to the Muzrai Commissioner in Mysore.

Subject:- Constructing of Labbe Masjid at New Tarugupet in Bangalore City.

---

With reference to your No.383/22-23 dated 20th July 1928 and in continuance of this office letter No.C.3-1501-25 dated 2nd August 1928 on the above subject, I have the honor to state as follows:--

I have inspected the place. The construction of the masjid has not yet been completed and there are still sundry items of work to be done. The managers of the Masjid are purposely evading to fulfill the conditions laid down by Government. The only course left to us is to carry out the work and recovery the cost from the persons in charge of the Masjid as these are not likely to carry them out and there is no other way of getting the conditions fulfilled.

As regards condition No.1 laid down in Government Order No.2990-3/ Muz.281-11 dated 11th June 1917, that a lane at least 6 feet wide should be left to the East of the site connecting the Mysore Road and Timber yard street allowing free access to pedestrians of all communities at all -- times. The object of Government can be fulfilled by constructing a -- flight of stairs. The cost is trifling and has to be incurred and recovered as suggested above.

As to condition No.2 viz., that there should be walls on both sides of the lane and that the door way giving the only access to the masjid - should open to this lane. The necessary wall and doorway has to be put and the cost recovered.

Conditions 5 and 9 too have to be similarly enforced.

If my suggestions are approved, the work will be carried out and - necessary action taken for the recovery of the cost from the persons in charge of the Masjid.

I therefore request that a sum of Rs.200/- may be placed at my - disposal for the purpose.

The file on the subject ending with the Bangalore Sub Division -- Officer's No.C.2-406/26-27 dated 18th August 1928 is herewith submitted for reference and kind return.

SIR,

With reference to your letter No.1405/Muz.135-31 dated 24th January last calling for information as to the amount of work still to be done to fulfil the conditions laid down in the construction of a mosque for the use of the Lalbi community at Jayamahal, Bangalore City, I have the honour to submit herewith copy of letter No.C.-1001, dated 31st July 1929 from the Deputy Commissioner Bangalore District and to state that the City Engineer, who inspected the building, reports that the repairs have been carried out as shown in the coloured blue print, and that the 50 feet of the eastern verandah left to be open before will not interfere with the ventilation of the building, but will be of immense use for the purpose specified by the Wakf, and recommends that it may be allowed to remain as it is. Should it be found necessary to have it walled, it might be done at the expense of the Wakf. As regards the doors opening into the lane on the west wall, it is reported that these doors have been put up by the tenants of the shops and they may be allowed to remain on condition that they are closed from 9 p.m. till 11 p.m. To this the Wakf Committee have agreed in their resolution of 10-5-1929. In regard to the staircase in the building having a wall on both sides of the landing, the Committee have agreed to put up a wall to the east of the second flight of steps instead of putting up a door, no wall being necessary on the other side, as it is a building on the side. The other matter relating to

also promised to be done within the 2 months time asked I request that the same may be kindly granted as recommended by the Deputy Commissioner. There is no need for the --- advance of Rs.200 proposed to be granted by Government as the Labbe merchants have agreed to complete the works themselves within the specified time.

The connected records are herewith submitted for --- reference and kind return.

I have the honor to be,

Sir,

Your most obedient servant,

Muzrai Commissioner.

Subject:- Construction of Lahbe Masjid at New Tharagpet in Bangalore City.

---

With reference to correspondence ending with your D.O. reminder No.383/28-29 dated 25th June 1929 on the above subject, I have the honor to state that the Amildar, Bangalore City reports that since the verandah now put up on a portion of the open space between the shops and the Masjid proper does not in any appreciable degree ---- interfere with the ventilation of the Masjid and since it has --- materially helped the usefulness of the Masjid itself to its users it may be permitted to remain, and he has also shown this verandah in the enclosed blue print as desired in the Financial Secretary's letter referred to above.

As regards the sundry other items of work yet to be done, to complete the Masjid for which a recommendation was made in this office No.C.3-1501/25 dated 25th November 1928 to get the work done at -- Government cost etc., the Amildar now reports that the Lahbe Merchants have agreed to complete the work themselves provided they are given two months' time to do so and recommends that the time asked for may be granted and they are not asking for any grant from the Government.

Under these circumstances, I request that the time asked for may be granted to complete the work in question.

The file of vernacular records relating to Bangalore Sub ---- Division Officer's report No.32.403/28-29 dated 8th July 1929, is also submitted herewith for your reference.

---

With reference to correspondence ending with this office No.C3-1501/25 dated 11th August 1930 in the matter of the construction of a Masjid for the use of the Labbe merchants in the new Tharagpet, Bangalore City, I have the honor to state that the Sub Division Officer, Bangalore Sub Division, who was requested to inspect the building in question to ascertain as to whether all the conditions laid down in G.O. dated 11th June 1917 have been strictly carried out, reports in his B.2-402/30-31 dated 29th August 1930 (copy enclosed for your kind reference) that all the conditions laid down in the G.O. under reference have been fulfilled and that a stone slab - noting therein the year of the construction of the mosque has been put up over the main entrance of the mosque, on its southern side, as prescribed in G.O.No.778-81/M.F.556-17-4 dated 5th September 1918.

The entire file of vernacular papers bearing on the subject, is herewith enclosed for kind perusal.

For Muzrai Commissioner.

Report No.B.2-402/30-31 dated 29th August 1930 from the Sub Division Officer, Bangalore, to the Deputy Commissioner, Bangaloro District.

---:o:---

Submitted to the Deputy Commissioner.

I have inspected the Mosque. With reference to the Mutchalika given by the Lubbay merchants the following conditions have been duly carried out.

1. A lane has been left to the east of the mosque. This is provided with doors at the northern and southern ends. These doors are kept open till midnight when they are closed. I made personal enquiries of Hindu and other caste merchants who own grain shops in the neighbourhood who state that they are not feeling any inconvenience in the matter of using the lane as it is. They say that they do not use the lane much. The doors seem to be closed in the midnight so that stray dogs and donkeys may not enter the lane and foul the precincts of the mosque. Theflight of stones at the northern end is in good condition.

2. To the east of the lane is a high wall of a grain shop which effectively shuts off the mosque from view - A low wall has been constructed to the west of the lane which separates the mosque from the lane. No walls seem to be necessary either to the east or west of the land.

3.& 4. The shops have been built on either side of the southern gate on the Mysore Road. These shops shut off the mosque from the main road. -- There are no doors from the shops opening into the precincts of the mosque. There are no minarets on the shop buildings. On the gate itself there are small circular pot-like ornamental structures (not minarets) which indicate to muslim travellers that there is a mosque in the vicinity.

5. There is a vacant space between the mosque and the shops on the Mysore Road. This space separates the mosque from the shops. A small lean-to verandah has been put up where some students sit to read the Quaran. This is not being used as a mosque and may be allowed to remain. It does not interfere with the light and air to the mosque.

6. It is reported that so far no dead bodies have been taken to the mosque for consecration. In other words condition No.6 is being observed. It may be enforced according to the mutchilika when an attempt is made to break the condition.

7. This may be considered and enforced when any temple is to be constructed in the future in the vicinity.

8. The condition about playing and of music in the road may be enforced when any attempt is made to stop it.

a 6)

9. Original condition No.9 that a ~~shop~~ slab embodying translati and Kannada of conditions 6,7, & 8 should be put up has been modifie No.778-81/M.F.556-17-4 dated 5-9-1918. According to this G.O. a slab in cating in Urdu and Kannada the year of construction has been put up over th main entrance (Southern Gate).

There has been delay in submitting this reocrd as the Lubbay mer chants delayed putting up the slabs until very recently. They had fulfilled all other conditions except this one ~~whey~~ which they have fulfilled recently.
